## HISTORY

### What is the Doug Coley Golf Tournament for Leukemia Research?

It is a non-profit annual event to raise money for Leukemia Research at Wake Forest Baptist Health.

### How did it start?

At the age of 43, Doug Coley, a member of Guilford College United Methodist Church, was diagnosed with Leukemia. Doug battled the disease and received treatment at Wake Forest University Baptist Health in Winston-Salem. Family and church friends surrounded Doug during his illness and helped organize a golf event in honor of Doug as a way to inspire him during his many months of treatment. All of the money raised is donated to the Wake Forest Baptist Health Leukemia Research Fund in appreciation of the care Doug received.

Participation and sponsorship has grown every year. Over \$340,000 has been donated to help fund Leukemia Research.
